

Be Part of Local History! Volunteers Needed

The **Tomaree Museum Association** is thrilled to invite you to be a part of a landmark event at the Tomaree Headland. We are looking for enthusiastic volunteers to help us host a world-class exhibition in an environment with a stunning view.

The Exhibition: Valerie Taylor – An Underwater Life

Dive into the story of a global icon. Sponsored by the **Australian National Maritime Museum**, this exhibition celebrates Valerie Taylor—one of the world's most famous shark researchers, conservationists, and underwater storytellers.

- **Dates:** 18 March – 18 April 2026.
- **Location:** The Lodge on Tomaree Headland.
- **Significance:** This is the very first community-based activity held on the Headland since the Department of Community and Justice took control of the land.

Why Join Our Team?

This is more than just volunteering; it's a chance to be part of a "history-making" event for our community.

- **Stunning Environment:** Spend your day at the beautiful Tomaree Headland.
- **Meet Like-Minded People:** Connect with others passionate about local history and marine conservation.
- **Full Support:** We provide briefing notes and a "potted history" of the Headland so you'll feel confident and informed.
- **Flexible Shifts:** The exhibition is open 7 days a week (9 a.m. – 3 p.m.) with manageable **3-hour shifts**.

Your Role

As a volunteer, you will be the face of the museum, welcoming visitors and assisting with the smooth day-to-day running of the exhibition.

Ready to Dive In?

If you have a passion for our museum project or simply want to support our local heritage, we want to hear from you!
